Fyi – the meeting has been cancelled. Sorry for the inconvenience.

I will notify you of the new meeting date once I get a date.

Thank you,

**Erti Bimbashi**

DPH ITS Operations - IT Security Engineer

**Subject:** 185 Stockbridge St - Amherst

Mark/ Erti

I understand that Mark Moriconi is working with you folks in identifying the requirements and infrastructure needs for this specific location.

Once these items are finalized we will be able to generate a site specific statement of work which will have circuit types, number of phones, power , etc.

Please let me know how these discussions go so we can plan a Kickoff Call Meeting in the near future. If there are any questions or issues in the meantime please let me know

**Bill Linehan , PMP**
